## South Dakota State University

**PEGGY GORDON ELLIOTT.....PRESIDENT**

Dr. Peggy Gordon Elliott became South Dakota State University's 18th president on January 1, 1998, following the retirement of Robert T. Wagner. Before becoming president of SDSU, Elliott was a senior fellow and acting vice president for Academic and International Programs at the American Association of State Colleges and Universities in Washington, D.C. She has extensive higher education leadership experience at The University of Akron, where she served as president from 1992 to 1996, and Indiana University Northwest, where she was chancellor from 1983 to 1992. Elliott earned her doctorate in secondary education from Indiana University, her master's degree in English and secondary education from Northwestern University, and her bachelor's degree from Transylvania University. She taught high school in Gary, Indiana, and moved into various teaching and administrative positions in the Indiana University System. She amassed a broad range of national experience and made extensive contacts in the Washington community. Elliott currently serves on the corporate boards of Lubrizol Corporation and A. Shulman Incorporated.

**FRED OIEN.....DIRECTOR OF ATHLETICS/HEAD OF HPER**

Dr. Fred Oien became the 11th director of athletics at South Dakota State University on July 1, 1990. Oien earned his bachelor's degree at SDSU in 1972 and has been on the SDSU staff since 1979, serving as athletic business/ticket manager from 1981 until his appointment as director of athletics. Oien is a 1968 graduate of Baltic (S.D.) High School. He added a master's degree at SDSU in 1975, then completed his doctorate (Ed.D) at the University of Massachusetts-Amherst in 1979. Oien taught physical education and health at the Brookings Middle School from 1973-76, during which time he was varsity golf coach for both boys and girls, and middle school basketball and football coach. His golf teams won state championships for both boys and girls. Oien also was women's golf coach at SDSU, guiding the Jacks to one North Central Conference championship. The SDSU women's golf team of 1982 was voted South Dakota Women's College Team of the Year. Oien and his wife, Mary have two children.

**MYLO HELLICKSON.....FACULTY REPRESENTATIVE**

Dr. Hellickson has been South Dakota State University's faculty representative to the North Central Conference and NCAA since 1977, and as such also is chairman of the Athletic, Intramural and Recreation Committee on campus. Hellickson returned to the classroom this past spring as a professor in agricultural engineering after serving several years as director of agriculture extension at SDSU. He has been on the SDSU staff since 1969, serving as a professor in agricultural engineering until he was appointed as head of that department during the summer of 1982. Dr. Hellickson's specialty has been in the area of livestock structures and environment with recent emphasis on solar energy use in agriculture. A native of Belfield, N.D., he earned a bachelor's degree in agricultural engineering from North Dakota State University in 1964, added a master's degree in ag engineering from NDSU in 1966, then earned a Ph.D. in engineering at West Virginia University in 1969. He was included in Outstanding Young Men of America in 1970. Hellickson was presented the North Central Conference Meritorious Service Award at the November 1990 meeting.

**BERNADETTE OLSON.....ASSISTANT ATHLETIC TRAINER**

Bernadette begins her seventh year as assistant athletic trainer at South Dakota State. Olson received her bachelor's degree in physical education studies with an emphasis in athletic training and sports medicine at the University of Delaware in 1988 prior to working from August 1988 to June 1992 as the assistant athletic trainer in the Washington and Lee University athletic department in Lexington, Va. She received her master's degree in August 1993 at the University of Virginia, Charlottesville, in physical education with a specialization in athletic training and worked as the primary athletic trainer for the Cavalier women's basketball and volleyball programs. Apart from her duties as the assistant athletic trainer at SDSU, Olson also is a clinical instructor.

# JACKRABBIT HEAD COACH NANCY NEIBER

**N**ancy Neiber has made a tremendous impact on the South Dakota State University women's basketball program.

After inheriting a program that had three losing seasons in four years, Neiber guided the Jackrabbits to a 13-12 record in her first season (1984-85). Since then, SDSU has had a winning record in all but one season and has placed in the upper half of the North Central Conference 13 consecutive years. Twice the Jackrabbits have finished in second place in the conference and six times Neiber-coached teams have won 20 games in a season, including two school-record 25-win seasons.

This past season, SDSU finished third in the North Central Conference with a 20-8 overall record (12-6 in NCC play) and qualified for the NCAA North Central Regional for the sixth time under Neiber.

Neiber, a Pierre, S.D., native, is the winningest basketball coach in SDSU history and enters the season 14 wins shy of 300 for her career. Her 286-134 record (.681 winning percentage) gives her the third most victories among active North Central Conference coaches.

In their six postseason appearances the Jackrabbits have advanced to the title game of the North Central Regional three times. In 1994 and 1995 the Jackrabbits hosted and won first-round playoff games.

Along the way, Neiber has recruited and coached 25 all-North Central Conference players, including one conference most valuable player; 21 academic all-conference selections; two GTE/CoSida Academic All-Americans and three NCAA Post-Graduate Scholarship recipients.

Neiber came to SDSU after coaching at both the high school and collegiate levels in South Dakota. A 1969 graduate of Black Hills State, Neiber's previous collegiate coaching experience was as a graduate assistant at SDSU and as an assistant coach at Dakota State during the 1983-84 season.

Prior to becoming head coach at SDSU she spent seven seasons as head coach at Mitchell High School, where she compiled a 71-73 record and guided the Kernels to three state tournament appearances. Her 1975 team was 17-3 and finished third in the state tournament, while her 1977 team advanced to the state title game.

## ASSISTANT COACH AARON JOHNSTON

**A**aron Johnston begins his first season as the Jackrabbit women's basketball assistant coach.

A native of Pine Island, Minn., Johnston is no stranger to South Dakota State having served the last two seasons as a graduate assistant for the Jackrabbit men's basketball team. Johnston previously served as an assistant coach for two seasons at North Dakota State College of Science in Wahpeton.

"A.J." also was a student assistant at Gustavus Adolphus College in St. Peter, Minn., for two seasons. Johnston earned his bachelor's degree in health and physical education at Gustavus in 1996.

# ASSISTANT COACHES, SUPPORT STAFF

## LEVI PEARSON

### Graduate Assistant

Levi is in his second season as a graduate assistant coach with the women's basketball program after serving one year as a student assistant under coach Nancy Neiber.

A native of Britton, S.D., Pearson also served as the head men's and women's golf coach at SDSU this fall.

Pearson, who was an all-conference selection in golf in 1997, is a 1998 graduate of SDSU with a bachelor's degree in health, physical education and recreation.

## LORRI RILEY

### Volunteer Assistant

Lorri is a new addition to the Jackrabbit women's basketball coaching staff as a volunteer assistant.

A native of Belle Fourche, Riley played basketball collegiately at the University of South Dakota and Black Hills State. Following her playing days she enrolled at the University of Osteopathic Medicine and Health Science in Des Moines, Iowa, where she earned a doctoral degree in podiatric medicine. Riley recently sold her practice in Spearfish.

Her sister, Kate, competed in three sports, including basketball, for the Jackrabbits from 1976-80.

## LAURIE PLAHN

### Graduate Assistant

Laurie begins her first year as a graduate assistant coach with the SDSU women's basketball program.

Plahn, a native of Pipestone, Minn., played basketball and volleyball at the University of Minnesota-Morris. She graduated from Morris in 1999 with a degree in mathematics. She is pursuing a master's degree in sports administration.

## CAROL VAN HOEPEN

### Equipment Manager

Carol is in her ninth year in charge of the equipment not only for basketball, but for all women's athletic teams at SDSU. The Volga native began working at SDSU on the maintenance staff on Jan. 28, 1973 — the day the Stanley J. Marshall HPER Center opened. Last fall, she was honored as an SDSU Career Service Employee of the Month.

She has two children: Allen and Terry.

## FROST ARENA — HOME OF THE JACKRABBITS

South Dakota State University plays its home games in Frost Arena, named after former Jackrabbit coach and athletic director R.B. "Jack" Frost.

Frost served as athletic director, and professor and head of the physical education department from 1947 until 1960. He also compiled an 86-79 mark in seven seasons as Jackrabbit men's basketball coach.

Frost Arena, which is part of the Stanley J. Marshall HPER Center, now seats 9,000 fans for basketball. The addition of chair-back courtside seating prior to the 1992-93 season eliminated about 500 seats from the original seating capacity.

The first game played at Frost Arena was on Feb. 2, 1973. In 1994, the one-millionth basketball fan passed through the Frost Arena turnstiles.

Widely regarded as the finest arena in the North Central Conference, Frost Arena has been the site for two women's basketball first-round NCAA playoff games and five NCAA North Central Regional men's basketball tournaments. In March 2000 Frost Arena will be the site of the NCAA Division II Wrestling National Championships for the fourth time.

Frost Arena also is the home court for the SDSU volleyball team.

Bids totaling \$3,374,115 were let for the facility following legislative approval of the project with the bill signed by Gov. Frank Farrar Feb. 14, 1970. Ground was broken Sept. 22, 1970, with the cornerstone placed by Gov. Richard Kneip Oct. 2, 1971. Final cost of the building was \$3,685,000, with the difference made up by gifts and donated items.

The Frost Arena attendance record was set on Feb. 11, 1989, when 9,456 fans attended the SDSU-Augustana basketball game.

# JACKS AGAIN SEEK POSTSEASON BERTH

The South Dakota State University women's basketball team will rely on a mix of experience and youth in hopes of making a return trip to the NCAA North Central Regional during the 1999-2000 season.

"Our coaching staff is looking forward to this season with a very good group of experienced players returning, along with a group of exceptional freshmen," head coach Nancy Neiber said. "Our Jackrabbit team plans to be extremely competitive."

With 10 letterwinners, including four players who started at least 15 games, returning from last year's 20-8 team, the Jackrabbits look to be in the thick of the North Central Conference and regional races.

"These student-athletes have prepared themselves physically and mentally for the challenges of our pre-conference season and a very strong North Central Conference," said Neiber, who is in her 16th year as head coach at South Dakota State.

Last year, SDSU finished third in the NCC with a 12-6 mark and made its first NCAA playoff appearance since the 1995-96 season.

Leading the way for the 1999-2000 Jackrabbits are seniors Jennifer Sylvester and Lisa Olson. Sylvester, an honorable mention all-NCC selection a year ago, averaged 9 points and finished among the league leaders with 4.6 assists per game from her point guard position.

Olson, who started 16 games last season, averaged 5 points and 2.3 rebounds per game. She is again expected to contribute off the bench this season, giving the Jackrabbits another outside scoring threat.

Other returning starters include junior guards Sherri Brende and Gwen Greiner. Brende was the league's top three-point shooter during the 1999-2000 season and earned all-NCC honors by averaging 14 points per game.

Greiner moved into the starting lineup for the final seven games

of the season and finished third on the team in scoring with 10.5 points per game. She also was recognized as the conference's Co-Defensive Player of the Year and earned honorable mention all-NCC honors.

Angie Loken, a junior who has played off the bench in 54 games the last two seasons, is expected to fill one frontcourt starting position. She was one of the team's top rebounders a year ago and finished second on the team in blocked shots.

Loken will be joined on the front line by Mandy Koupal. The highly recruited freshman and two-time South Dakota Gatorade Player of the Year led the nation in field goal percentage as a high school senior and brings a polished all-around game.

The Jackrabbits also will have the luxury of bringing Sarah Rippke, who started all 28 games last season, off the bench to give SDSU one of the deepest benches in the conference. Rippke was the team's second-leading rebounder a year ago with 6.5 boards per game and was fourth in scoring with 9.6 points per game.

"We believe we have the depth and experience to make this season one to remember," Neiber said.

Joining Rippke in the second five are junior Kris DeRuyck and sophomores Shari Johnson, Jamie Nelson and Tara Wadsworth. DeRuyck, who has been slowed by a preseason knee injury, started the first five games of last season, then came off the bench to average 5.6 points and 2.6 rebounds per game.

Johnson played in all but one game last season and provides tenacious defense and quality depth at the point guard position. Nelson and Wadsworth saw limited action as freshmen and are ready to play an expanded role on this year's team, Neiber said.

A talented group of freshmen also is expected to play a part in the Jackrabbits' success. Besides Koupal, the Jackrabbits also signed Stacy Schooley, a perimeter player from Watertown; Melissa Pater, a power forward from Holland, Minn.; and twin sisters Karly and Kassy Hegge, from Baltic, S.D.

# JACKRABBIT HISTORY AND TRADITION

Winning and athletics go hand in hand at South Dakota State where Jackrabbit teams have established a long and proud history.

On the basketball court, the SDSU women's basketball team earned three consecutive trips to the NCAA Tournament (1994-95-96), after making its first appearance in 1988. Three times the Jackrabbit women's basketball teams have advanced to the regional final.

The 1998-99 season also was full of highlights as the Jackrabbits returned to postseason play and became only the 15th NCAA Division II women's basketball program to record 500 victories.

But that's only a part of the tradition-rich history of women's basketball at SDSU.

In the pre-NCAA days (before 1981), SDSU dominated state AIAW (Association of Intercollegiate Athletics for Women). In basketball, SDSU won 11 state championships in 13 years (and SDSU did not compete one of the two years it did not win). SDSU also had two AIAW regional championships, participating in the AIAW national tournament in 1972 when there were no divisions.

SDSU is a charter member of the North Central Intercollegiate Athletic Conference, a league formed in 1921.

SDSU's success has not been confined to one or two sports. SDSU won the first-ever NCC all-sports title for women in 1983, and claimed at least a share of the all-sports race three of the last six years.

Following is a year-by-year look at SDSU women's basketball:

<b>SEASON</b>	<b>RECORD</b>	<b>POSTSEASON</b>

**S**outh Dakota State University, the state's land grant institution, was authorized in 1881 by the Territorial Legislative Assembly. Territorial council member John O'Brien Scobey, failing to obtain the penitentiary for Brookings, managed to secure Dakota Agricultural College for his city.

Although allocations fell short of the actual cost, the school was able to open in the fall of 1884 because the president, George Lilley, was willing to advance \$500 (a third of his salary) to finish three rooms in the new Central building. "Old Central" was soon joined by South (1885) and North (1887), forming the nucleus of campus life for a decade and a half.

#### **DEVELOPMENT**

During the first year of operation only preparatory classes were held. College classes started in 1885 with five teachers, 17 freshmen and 61 preparatory students. Growth was slow and erratic for many years, but by the turn of the century there were 242 students. By 1990, SDSU had an enrollment of more than 9,000 students with nearly 8,100 at the Brookings campus. It has granted more than 46,500 degrees since the college was chartered in 1881.

#### **COLLEGES ESTABLISHED**

The structure of the college became more complex as enrollments increased. The first nine chairs of instruction, established in 1884, included agriculture, science, mathematics, English, modern languages, military tactics, veterinary science, practical business, political and domestic economy and music. By 1907, the year the name of the institution was changed to South Dakota State College of Agriculture and Mechanic Arts, there were 22 departments on campus.

Reorganization into the five divisions which formed the basis for the designation of colleges was completed under President Charles W. Pugsley in 1923. In 1964, when "State College" was renamed South Dakota State University, there were six colleges: Arts and Science, Agricultural and Biological Sciences, Home Economics, Engineering, Nursing and Pharmacy, as well as a Graduate Division. A seventh, General Registration, was added later. In 1975, the Division of Education was created, which became the College of Education and Counseling in 1991.

Today, degrees are offered through these colleges:

- Agriculture and Biological Sciences
- Arts and Science
- Education and Counseling
- Engineering
- Family and Consumer Sciences
- General Registration
- Nursing
- Pharmacy
- Graduate School

South Dakota State University is accredited by the North Central Association of Colleges and Secondary Schools.

#### **STATE'S LARGEST**

Since 1881, South Dakota State University has grown from a campus of 80 acres to a 271-acre campus with facilities worth more than \$220 million. The university owns or leases another 15,000 acres for research throughout the state.

Peggy Gordon Elliott became SDSU's 18th president on January 1, 1998, following the retirement of Robert T. Wagner.

With more than 8,000 students registered in the fall of 1998, enrollment at SDSU continues to be the largest of the state's institutions of higher education.

More than 200 majors, minors and options are available with more than 2,500 different course offerings. Master's degrees are

offered in more than 30 areas, and doctorates are available in eight fields. The university also offers degree programs through the Sioux Falls Center for Public Higher Education, RDTN, Internet and off-campus courses are available through the Office of Academic Affairs and Outreach.

Seventy-five percent of entering freshmen are in the upper half of their high school graduating class and 40 percent are in the top 25 percent. Seventy percent are residents of South Dakota, 20 percent come from 46 other states and 41 international countries.

Supplementing classroom instruction are the Harding Distinguished Lecture Series, the F.O. Butler Lectures, and the Amdahl, Schultz-Werth and Griffiths endowments. Students may join more than 100 clubs and organizations that are active on campus.

The university reaches all corners of the state through the Cooperative Extension service and the Agricultural Experiment Station, offering service to seek to improve the quality of rural life. Also at SDSU are: the Center for Innovation, Technology and Entrepreneurship; Engineering Experiment

Station; Office of Remote Sensing; South Dakota Transportation Technology Transfer Service; University/Industry Technology Service; Water Resources Institute; Engineering and Environmental Research Center; Animal Disease Research and Diagnostic Laboratory; and the Northern Grain Insect Research Laboratory.

These units help strengthen the university's growing commitment to research in the areas of energy and water resources, and support of state and local economic development efforts through research and information transfer.

The Northern Great Plains Biostress Laboratory, dedicated in 1993, houses scientists who focus on research aimed at developing new technologies to protect crops and livestock. Research conducted in this facility benefits the entire region.
